\*\*\* we do not charge VAT \*\*\*

**All packages come with as standard:**

**Assistant** - a second photographer is provided on the day to assist the principle photographer and take additional images and operate static video where required

**High Resolution disk** - in JPEG format containing all your images from the day, this is copyright free so you are able to print and distribute images

**Website** - a private website will be produced to show all your photographs taken from the day and people can view and order prints from this site

**Options:**

Most photographers offer standard prints at 6x4, we believe that the larger 7½x5 size is significantly better for showing off the best in your wedding prints, so we offer you both options

Travel charges: free within 50 mile radius - UK and international, charged at cost

**Videography** – we can setup a basic static video camera to record your ceremony/speeches/dance or we have a professional cameraman for a full videography service, all output is supplied on PAL Video
